ICE DELAYS LINERS

NORTH SYDNEY, May 1—A solid field of heavy close packed ice is stretching between the Cape Breton Coast and Newfoundland and far south into the Atlantic. It is estimated this morning, to be blocking the passage of at least fifty ocean going steamers, judging from the mass of wireless calls with which the air had been charged during the past twenty-four hours. The nearest vessels were the Kyle from Newfoundland for North Sydney with passengers and mail which was caught in the ice with a blade lost from her propeller, and the Government steamer Montcalm from a St. Lawrence port enroute to ad the steamer Cymric Queen ashore near Point Esprit. Both are having a hard time but they are not in danger.

Gambo Swings in Line for Squires and the Humber

(Special to The Advocate.)
GAMBO, May 1—Mr. R. G. Winsor, accompanied by Mr. Quinton arrived here yesterday morning and at night held a most successful meeting in the R.C. Hall. Every voter in the place attended and utmost enthusiasm prevailed. Mr. Winsor outlined the industrial policy of the Government in a masterly address of upwards of two hours. The meeting closed with the National Anthem and cheers for Government candidates. There is no doubt that Gambo swung in line last night for Squires and the Humber. It will register at least eighty per cent. vote for Conker, Winsor and Abbott.

CHAIRMAN

HEART'S CONTENT WITH SQUIRES

HEART'S CONTENT, May 1—Messrs. Stone and Bradley held meeting here last night. Lost, stolen or strayed the would be M.H.A. Holder. He was afraid to stay in Heart's Content and made his escape up around New Harbour to try to get a few personal votes to enable him to save his nomination fee. The meeting was very quiet all through, very little enthusiasm. A box which was apparently priming for the meeting, on being opened turned out to be copies of the Daily News. Everyone present expected something big, but they had nothing to offer the people and meeting closed with ringing cheers for Sir Richard Squires and the Humber and Randall. Heart's Content still boasts of 75 per cent. Tories won't get 20 per cent from Dildo to New Melbourne. The slogan is Squires is coming back.

TORIES GIVE UP IN ST. BARBE

(Special to The Advocate.)
BONNE BAY, May 1—Committee meeting held here last night; everything satisfactory; since Mr. Scammell left here for the coast the Liberal tide has turned many Tories from Birch Head to Norris Point. Win. Tuff who went canvassing from Bonne Bay to Trout River for the Tory candidates got frozen in so badly that he was forced to retire in a disorderly manner leaving ten Tories in the hands of the enemy and poor old Joe. This is an absolute fact coming from one of the strongest Tories there. Mr. Tuff and a few more heeleders are actually on the sick list since their arrival home. No Tory bluff for us. Mr. Scammell will poll the largest vote ever polled on this end of the dist.

Scammell Continues His Triumph Tour

(Special to Advocate)
CURRENT ISLAND via Flower's Cove, May 1—Our popular representative, Mr. Scammell, arrived here at noon today from Brig Bay and was received by a generous display of bunting and volleys of musketry. He addressed a meeting in the L. O. A. Hall after dinner and delivered a splendid speech of over an hour's duration, after which he left for Flower's Cove. Current Island and Anchor Point are solid for Scammell and he will poll 90 per cent. of the votes in this section of the Straits.

GLORIOUS MEETING AT ISLINGTON

(Special to Advocate)
ISLINGTON, Heart's Delight, May 2—Mr. Hibbs, who crossed the bay by boat yesterday and held meeting at Heart's Desire in the afternoon arrived here last night and held what can truly be termed a glorious meeting. The large school was packed to the doors, many voters being present from Cavendish and Heart's Delight. Mr. Hibbs explained that his colleagues, Hon. Mr. Halfyard and Capt. Randell were visiting Smith's Sound. It was intensely interesting to hear Mr. Hibbs who appeared to be in splendid form tear the Tory manifesto as well as the Tory arguments in this district in ribbons. Mr. Stone held a meeting here yesterday and to one listening to the Liberal speaker last night, poor Mr. Stone's argument appeared absolutely ridiculous. At the close of Mr. Hibbs' two hours address, Mr. Gilbert Crocker and Capt. Joseph Reid made brief but splendid addresses. The reception which Mr. Hibbs received here last night was unexcelled in the history of Islington, as in Heart's Delight, every man pushed forward to shake his hand and convey kind wishes. An 80 per cent. vote is certain in this place and Heart's Delight for HALFYARD, HIBBS and RANDALL.

Spaniard's Bay Goes For Squires

(Editor Evening Advocate)

Dear Sir,—The three Tories held a meeting in the Orange Hall last night. About 80 voters were present at first, but when the Government committee meeting was over they all went. Mr. Arthur Neil was chairman and stood on the door from 6 to 8 p.m. wishing for the 3 bosses to come. He whispered to Mr. J. F. S. to try to get him chairman. J. F. circled up to the platform and asked if Arthur Neil was in the hall. Arthur jumped up and said, "Yes, I was just speaking to you." He then shook hands with Mr. Hickman and Bennett and he feels the pain yet. They broke the arms off poor Arthur. Mr. Ben was the first to speak at 8.15 sharp. He said it was not as easy as he thought going around this time in the year getting his feet wet, etc. Mr. Hickman came shortly after. He smiles at the storm. He read from John's manifesto. He also said this was his last time to see us. He may be passing by on polling day and he may not. He bid us farewell and sat down. All was silent till up gets Frank, saying, ladies and gentlemen, boys and girls—and then a drink of water. He drank the water as fast as it fell. He jumped and bawled and put himself in all shapes and forms and used some very nasty words. He said Cashin was not the leader of the party, it's Bennett, and if Cashin is leading, he knows nothing about it. Mr. Fennett smiled as if to say, there is a lot that you don't know.

TILTING ENRAGED OVER TORY LIE

(Special to Advocate)

TILTING, April 30—We have read with disgust the cowardly and vilifying attack upon us which appears in that pink rag, signed "Unionian." We take it as a personal insult and as a cowardly attack in as much as it is under an assumed name upon men who are not ashamed to affix their names to articles espousing their cause. We defy him to come out over his own name and prove the truth of his false statements and cowardly and groundless insinuations. It sounds to us like the last gasp of a defeated hound who realizing the day lost wishes to leave some impression before he sinks into the oblivion to which he would consign the union and Liberal party. Go ahead, Mr. Grimes, his bark is worse than his bite, and as he himself acknowledges, he is in the minority. We shall show him on polling day how we value his men of talent and efficiency and how maniacs and bolsheviks can return to power men who will serve our best interest in every way.

FLOWER'S COVE ALSO

(Special to The Advocate.)

For Grimes and Good Times

(Special to Advocate)

MUSGRAVE HR., April 30—20 Tories, including business men, met Long on arrival. Tories had an arch erected but an 80 year old veteran headed crowd and made the Tories take down arch and motto before Long arrived. 270 voters from inus 35 Tories. Tories publication from here is falsehood. Long held meeting on 28th of 29 minutes, telling of his lovely trip, etc., and tried to explain how they were going to cut down taxation. He as almost broken hearted over Government's salaries, blundered into miserable hole on taxation when questioned by Mr. Goodyear. Chairman asked for close and cheer after cheer for Grimes and Coaker electrified the hall. Amidst cheering for Grimes and party the few Tories had to import half dozen from Ladle Cove to give Long a cheer, but failed. 90 per cent. on the Straight Shore is for Grimes. We defy contradiction and can secure names if needed. F. P. U. Council backed by 220 Liberals.

Fund Blast For Sir Richard Squires

(Special to Advocate)

NIPPER'S HR., May 1—Such Tory tactics as practiced by half a dozen rowdies at Bay Roberts only adds votes to Squires' candidates. We can assure southern districts that nothing from such bluffers or pompous Tories such as Walter Crosby, can mislead the loyal Liberal district of Twillingate. Nipper's Harbor committee with others are 94 per cent. full blast for Sir Richard Squires.

The "Mouton"

The tug "Mouton" is again in service after undergoing an extensive overhaul at the Dry Dock.

While on dock new sheeting of Greenhurl was fitted from stem to stern adding to the strength of the vessel and providing substantial protection against ice. A new boiler built by the dry dock, of larger size and heavier construction than the old one and carrying a steam pressure of 150 pounds per square inch, has also been installed considerably increasing the power of the tug and providing a reserve power, a most important feature in vessels engaged in towing work.

Last year the "Mouton" had a new propeller fitted specially designed and made by the Dry Dock for heavy towing so that the tug is now well equipped and capable of handling the largest size vessel of the port.

Messrs. Furness Withy & Co. now possess the most powerful tug in the harbour and are now to be congratulated upon their enterprise in this respect.

Whaling Industry Will Start Again

The Advocate learns that the coming season will see the revival of the whaling fishery here after a cessation of several years.

We learn that Captain Anonsen has purchased Hawk's Hr. plant on Labrador from Hon. D. A. Ryan and will start operations there this spring. Capt. Anonsen has just returned from a trip to Norway where it is understood he has purchased the necessary outfit and secured the services of expert whalers.

Capt. Anonsen is a hustler and we may confidently look forward to seeing others following his example in taking up this important industry and ultimately getting all our whale factories started again.

BELL ISLAND ACCLAIMS SQUIRES

Island Never Witnessed Anything Like Reception to Prime Minister—Hundreds Meet Boat at Pier; Over Thousand Attend Meeting—Squires Carried Shoulder High by Enthused Supporters

Never in the history of Portugal Cove and Bell Island has anything been known like the reception rendered the Prime Minister, Sir R. A. Squires, on his arrival there last evening.

The oldest residents of the island say that a public man has never been acclaimed there as was Sir Richard and no meeting held there in any election has remotely approached in enthusiasm and interest that addressed by the Liberal Chieftain last night.

When the Prime Minister and candidates arrived at Portugal Cove they found the settlement bedecked at every point with bunting while the whole male population had turned out and scores of guns made the hills resound as volley after volley was fired.

Before leaving for the island the Prime Minister addressed the voters of the Cove on the wharf and as the Otter pulled out ringing cheers for the Prime Minister and his candidates—Bartlett, Bulley and Burke—rang out.

As the Otter neared the Transportation Co's pier at Bell Island the first signs of the tremendous reception that awaited the Prime Minister and the popular East End trio became apparent. Whistles shrieked, guns barked forth their welcome, bonfires blazed from every vantage point and from the mass of hundreds of men lining the wharf vociferous and prolonged cheering was the order.

The party went straight from the pier to the C.L.B. Armoury where the meeting—which will go down in the history of Island—was to be held.

All along the route from the landing to the Armoury blazed multi-colored lights while repeated volleys of musketry were fired and when the Hall was finally reached it was found to be already practically filled. When those who had escorted the Prime Minister and candidates in made their way into the building it was filled to such an extent that, although all were standing, every available inch of space was occupied.

The appearance of the popular candidates and their leader on the platform was the signal for a roar of applause which was continued for several minutes while the C. L. B. band very acceptably rendered a selection.

Mr. T. Kent, a veteran Liberal of Bell Island, occupied the chair, and after a few brief introductory remarks called upon Messrs. Burke, Bulley and Bartlett in the order named, all of whom as they came to speak were given a tremendous reception. The candidates made their remarks brief as they realized that the meeting was looking forward to the Prime Minister's speech.

SIR RICHARD SPEAKS

When the Prime Minister came to the front of the platform he was given an ovation which shook the spacious building to its very foundation. Cheer followed ringing cheer for several minutes without cessation before the hero of the evening could begin his address.

In opening he expressed his appreciation of Mr. Kent's presence as chairman, of the success of the C.L.B. Band and of the brigade help in whose armoury the biggest meeting ever held on Bell Island was being held. The C.L.B. and C.C.C. Brigades were the nucleus of that "Newfoundland Army" which won the highest fame any fighting force could hope to win.

The Prime Minister then went on to refer to St. John's East District matters and cited many instances where representation in the Government instead of in the Opposition was going to result beneficially to the important Liberal District of St. John's East.

During the past three and a half years the Government had done all it could to meet the requirements of the people and the district but no matter how willing a Government might be to do its best for a district, there were times when the fact of that district having no Government representation made it difficult if not impossible to handle matters satisfactorily. Neither is it easy for the candidates themselves when they are in Opposition to do justice to their constituents no matter how earnest they may be their desire to serve them. The time the Government wants to have St. John's East in with the crowd.

The Prime Minister then went on to deal with matters of general interest to the mixed gathering present. He was addressing, he said, not alone electors of St. John's East but of all the districts of Conception Bay as well as St. John's West. Bell Island was the keystone of the Colony. It was the big industrial centre of the Country. In future it would be one of several such centres.

Sir Richard dealt with the Higgins message to Wolvin and Wolvin's reply. He went into the matter of the closing down of the mines on two occasions and his intervention on behalf of the Newfoundland workmen who were thrown out of employment thereby. On each occasion the Prime Minister not only visited Montreal, the headquarters of the British Empire Steel Corporation but he also visited Ottawa where he interviewed Premier King. When the mines closed in June 1922 Sir Richard was informed by the Company that they could not find it financially convenient to continue operations.

The Premier's reply to this was that Newfoundland workmen were flesh and blood and that he did not propose to have the British Empire Steel Corporation or any other corporation use them while they wanted them and put them on the street at their convenience.

Every objection raised by Premier Wolvin and his associates was overruled and finally the mines were opened.

When the mines closed again in January of the present year the Prime Minister immediately got in touch by cable with President Wolvin, Premier McKenzie King, Sir Lomer Gouin, the Colonial Office, Mr. Bonar Law and a host of influential bankers with whom he was acquainted in Paris. To step that human mind could devise or human energy carry out was left untaken to have the mines re-opened and ultimately they were re-opened and on an agreement pending full time for 1400 men for the month of February and March and for 1500 men for April and May.

The time has now come in this country when the producer must come into his own. The producer is the man who rules the world and there is no other class to be considered but labor, the class that makes the existence to every other class possible.

The Prime Minister next dealt with the Humber Proposition which was the real issue before the country. At the meeting of

the great project the crowd went wild with enthusiasm and cheers. Squires and the Humber interlarded the Prime Minister's speech for several minutes. He reminded the audience of the Humber project's start and the antagonism that was shown to it by the Tories of that day. The Daily News called Sir Robert Bonta a traitor, a liar and a graffer and said he was giving away the country, but look what Grand Falls has done for our people.

The Humber project starts is four times greater than Grand Falls is today and it could be imagined what that would mean. He described the proposition in detail and at the conclusion many cheers for Squires and the Humber and for the popular trio, Bartlett, Bulley and Burke were given. Hundreds of men from the island and from Conception Bay points gathered around the Prime Minister at the close of the meeting and after an able vote of thanks proposed by Mr. Spence and seconded by Mr. Jno. Greene had been tendered the hero of the hour.

It was not for nearly half an hour after the conclusion of the meeting that the gathering began to disperse when the Prime Minister was lifted shoulder high and carried to his carriage amidst deafening cheers and gun firing.

Hundreds of the people accompanied the party who had to accept several invitations from the progressive business people of the island. The first visit was paid to the house of Mr. Corbin where many of the Syrian residents had gathered and where the Prime Minister addressed them briefly. Then the party repaired to the hospitable Basha home where a splendid supper was served to some thirty or more people by Mrs. Basha, Sr., and Mrs. Edward Basha, who made the visitors thoroughly at home.

Next a visit was paid to the beautiful home of Mr. Nathan Cohen where were gathered many of the Jewish fraternity for whom Sir Richard had a special word of praise and appreciation. After partaking of refreshments there the party started on the return to the pier accompanied by hundreds of the populace.

It was now after midnight but the whole island was still ablaze with lights and a large percentage of the population still abroad to bid God speed to the most popular Prime Minister who ever visited the place. It was a regular procession back to the boat which hailed out amidst ringing cheers and volley after volley of musketry.

The Bell Island people say there was never anything on the island to equal or even approach last night's wonderful demonstration of popular sentiment in favor of Squires and the Humber. Even supporters of Higgins on the island concede that the place will go a solid 80 per cent for BARTLETT, BULLEY and BURKE.

FOOTE AND CHEESEMAN A SURE WIN

(Special to The Advocate)

POINT AUX GAUL, April 30.—Foote and Cheeseman held a meeting here on April 25th, being one of the largest political meetings ever held here. For over two hours the attention of the audience was held, while in a clean and well delivered speech, the candidates outlined the Liberal Policy and the fish regulations, about which the Government has been so severely criticized. Mr. Cheeseman's clear and truthful statement, put new light on the subject, and Mr. Foote in an able manner dealt with the Humber proposition. At the conclusion ringing cheers were given for Foote and Cheeseman. The meeting closed at 10.30 by singing the national anthem. A 90 per cent. vote is assured here for Foote and Cheeseman.

STRAIGHT FACTS.

Chafe Not Prepared to Make Political Speech

(Special to Advocate)

GRAND BANK, May 1.—The boy Chafe arrived and moved to Grand Bank that he is all that he's reported to be. After taking up half an hour to tell us of his three weeks' experience on the Kyle he apologized for not being prepared to make a political speech. Ample proof that our Government must be a good one. A few of his supporters tried to put him on his legs by asking him questions. They defeated their own purpose because they were better able to answer them than he was. A supporter of his told him that it was unfair to the electors to come here not prepared or not able to show the mistakes that the Government had made. Too bad J. R. Bennett couldn't find a stronger candidate for the district. It only goes to show how strong the Government must be. It is understood that Chafe intended holding a meeting at Fortune Monday night, but on his arrival there he found our winning team, Foote and Cheeseman here. He then immediately left Fortune for parts unknown.

Grate's Cove Votes Cave and Cramm

Editor Evening Advocate.

Dear Sir.—While looking over the columns of your widely read paper I haven't noticed an item from this quiet settlement, and as it is now become popular on account of the handful of voters that are here I thought of writing a few lines to voice the sentiment and moral standing concerning the elections now pending. Believe me, sir, the majority here as far as the Government Party led by Sir R. A. Squires—under his rule taxation has been reduced \$1,500,000 and the public service \$1,800,000, and as our resources will be developed further reduction is imminent. The people here favour the Humber Proposition, as they can't live entirely out of the fishery.

At the turn-out of the Cashed Ministry in 1919 we were heavily taxed to pay interest on large sums that were claimed by J. C. Crosbie for coastal and patrol service, and for coal contracts. He skipped out to Port de Grave, and now I am told the voters there won't grind his hatchet. So now he is coming back to Bay de Verde District again throwing the handle after it, but there isn't any stick here. Sir John, the timber is cut out long ago, your colleagues may have told you after the bye-election of 1920.

You say that J. R. Bennett promises a bounty to the fishermen on our fish. Reader, if he will possibly bring about that consideration, what is that, when he will charge us four dollars a day if we stay ashore and then be ruled by the status of a Crown Colony, and laws issued from the deck of a British Cruiser, by that once Minister of Justice called Cornwall Morine, who was driven to this country to become a menace to the people of Flat Island, causing them servitude in the penitentiary during the summer months for mixing a drop of peppermint in the warm water to take with them to the Labrador. Mr. Editor, the Manifesto of J. R. Bennett, is a great waste of paper, for the only thing serviceable about it is that big photo for scaring mice.

Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—of a victim of thoughtlessness or ignorance of the mother who should have guided her during adolescence.

If she complains of headaches, pains in the back and limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound" was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition. With weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and is much better since she began taking the Vegetable Compound, and attends school regularly. She is gaining strength and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine. —Mrs. JOHN TOMS, Ball St., Cobourg.

Carlton, Alta.—"I was in a general run-down condition with a weak back and a tired feeling so that I did not feel like working. My mother was taking Lydia E. Pinkham's Vegetable Compound and recommended it to me, so I have taken it and my back is better and I am now able to do my work. I recommend the Vegetable Compound to my neighbors and you may publish my letter." —Mrs. JOSEPHAT A. GRENIER, Box 47, Carlton, Alta.

WELL DONE, FERRYLAND!

(Special to The Advocate) FERRYLAND, May 2.—Hearn and McGuire held very successful meetings at Renew, Kingsmans Cove, Admirals. The Opposition regards these places as their strongholds, but judging by the receptions recorded the Government representatives and the deep interest manifested in the Government Industrial Policy a big vote will be polled for Hearn and McGuire. On the eve of polling day Ferryland asks St. John's to join hands in starting the wheels of industry on the Humber. Count a victory for the Government here.

Glovertown Will Strongly Support Govt. Policy

(Special to The Advocate)

GLOVERTOWN, April 30.—An intensely enthusiastic meeting was held in the Orange Hall Saturday night addressed by R. G. Winsor, Govt. Candidate. Mr. Abbott was unable to attend owing to illness, and Mr. Coaker was engaged at another part of the District. Winsor delivered a splendid address, which clearly outlined the Industrial Program of the Government, and which obtained a spontaneous outburst of cheering, showing that the electors of this vicinity appreciate the policy of the Squires administration and their efforts to bring about that era of development so necessary to our industrial life. Mr. H. Clinton, accompanying Mr. Winsor, also gave a short but interesting address, which added greatly to the success of the meeting. Glovertown in common with Bonavista District and the rest of Newfoundland strongly supports the Government Policy and will record their appreciation by a full 70 per cent. vote on the third of May.

A REAL INTERRUPTION

The Daily News says this morning that there was "one real interruption" at the meeting on Bell Island last night. For once the Daily News is almost right. There was a Tory wheeler from Town present for the purpose of interrupting the meeting. He was evidently under the influence of liquor or he would have better sense. He began a dirty remark in the course of the Prime Minister's speech but he never finished it. A young ex-soldier named Sommerton who was standing near him put him out of business in about a second and he was carried from the hall. That was the one interruption real or imaginary.

Keep Morine Out, Says King's Cove

(Special to Advocate) KING'S COVE, May 1.—Mr. John Abbott arrived here last night by motor boat from Bonavista. He held a meeting and a large body of Government supporters attended. Mr. Abbott gave an outline of their tour around the bay. We are sure three Liberals will be elected with large majorities. Conception Bay and West Coast can rely on Bonavista Bay for Government support to push the Humber through. Stand firm, south and west, with the northern bays, to keep out of power Morine and Cashin, and vote for the Humber.—COR.

ST. JOHN'S, NEWFOUNDLAND, WEDNESDAY, MAY 3rd, 1923.

TO OUR CORRESPONDENTS

Now that the conflict is over and the victory has been won again for the Liberal cause, for we verily believe it has, we want to thank our hundreds of correspondents who, by letter or by telegram, have kept us oversupplied with political material. Never have the people enjoyed and taken such interest in elections. When elections have been fought in the Fall, our outport friends had little time to write, but in this winter campaign, they have been able to keep us advised of all political news. We are only sorry now that we still have scores of letters which we cannot use, as, with the campaign over, it would serve no purpose to print them. Many of them have just reached us on the eve of the election. Our Correspondents will therefore understand that it was physically impossible to put all the letters that have reached us in. Our machines have practically not stopped for the past two months, and in addition to letters, telegrams have poured in to such an extent that every day we have had to keep some over for the following day.

Therefore we ask the indulgence of our correspondents if some of their letters have not appeared. We have tried to keep up with them, but they have literally overwhelmed us. We thank them again and rejoice with them in the victory which they have helped in a small measure to bring, and thank them for the insight they have given us of the true feeling of the country. It is always an inspiration to read their letters. We ask them to continue writing and giving us the news, political and otherwise, of their localities.

Now Daily News, Put Up, or Shut Up

THE BET IN THIS MORNING'S NEWS CARRIES ITS OWN BLUFF ON ITS FACE. ANOTHER HAS BEEN PUBLISHED IN THE EVENING TELEGRAM. THE "NEWS" BLUFF WAS CALLED IMMEDIATELY AND BY MEN WHO ARE NOT CONSCIOUSLY OPPOSED TO BETTING.

BUT HOW ABOUT THAT ARCH HYPOCRITE, JOHN ALEXANDER ROBINSON, WHO EDITS THE NEWS?

For 25 years this sanctimonious hypocrite has been preaching in the Sunday School, through the Press and from the public platform, a moral code which excludes betting or gambling from the life of a man or boy who can claim to be working on paths of rectitude, which this said HYPOCRITE ROBINSON, "The Upholder is worse than the thief."

Then the public which the said Doctor Robinson has for years been placing confidence in can now see on the eve of polling day the "white sepulchre" of the "Daily News" prepared to sacrifice what he has ever regarded as a high moral principle in the hope that his coffers may be filled with the lucre which may flow to him in the event that the Grafters, whose mouth-piece the News has become, succeeding at the polls to-morrow.

AGAIN let us warn our outport friends those fake bet advertisements are deliberately published for the purpose of DECEPTION, while Cashin and Crosbie, engaged beyond the dreams of avarice off the fishermen and others, will during their last few hours of torture put up their last dollars in order to get ONE CHANCE MORE.

BEWARE! BEWARE!! BEWARE!!

The Daily News at 2.30 tells the Advocate that they are not betting people, that Mr. Toby Jackman's check is there—that the bet must be taken as a whole. This bluff has been called by the Daily Mail, doubling the bets in this wise:

\$500.00 that Squires gets two men in St. John's, and \$500.00 that the Mail wins this bet.

\$500.00 that the Government get all their candidates elected in the following districts: St. Barbe, Twillingate, Fogo, Bonavista and Trinity, 11 seats.

And \$500.00 that the Mail wins this bet.

\$500.00 that Squires get the Government.

And \$500.00 that the Mail wins this bet.

The bets to be separate bets and stakes to be held by three individual independent stake holders.

Now, Mr. Daily News, come and take it!

Nothing But a Blaze of Victory at Bonavista

Coaker Cheered to the Echo

(Special to The Advocate)

BONAVISTA, May 2.—President Coaker, at the request of over 700 supporters, arrived here by F. P. Union Motor Schooner 6 p.m. yesterday. Toward 8 p.m. he was taken ashore in boat by willing supporters who went on board for him. On entering the Orange Hall he received a wonderful ovation by packed hall such as was never accorded a public man in the history of Bonavista. Over 700 members were present, while scores of new members were enrolled. President Coaker held the vast audience spell-bound for nearly three hours while he gave a brief account of his triumphant campaign and grand industrial project which is going to become a reality after May 3rd. After his address a vote of thanks was tendered amid deafening cheering. The whole body of supporters proceeded with Mr. Coaker from the Orange Hall through the principal part of the town to the Government wharf at Canaille, where motor boat was in readiness to take him on board. As the body of men reached the wharf they cheered for Coaker, Premier Squires and their Party, which made the whole town re-echo. Every half hearted voter has all doubt removed and we can truthfully state that 90 per cent. of the voters here and vicinity will vote the straight ticket for the three Government members on May 3rd. Its nothing but a blaze of victory at Bonavista for the Government.

Richard Abbott, Chairman, Hezekiah Keel, Secretary, backed by seven-eighths of Bonavista electors.

CASHIN WOULD PUT MORINE ON BENCH

No Denial Made

No denial has come from either Cashin, or Bennett or Morine to the charge that Morine would be made a judge of the Supreme Court if Cashin gets in power.

It is the most glaring and impudent attempt Cashin ever made to flout the will of the people, and the people will take no risk of giving Cashin an opportunity of carrying out this design but will bury Cashin and Morine together on to-morrow by voting

SQUIRES, CAMPBELL, FITZGIBBON.

Squires Spent Three and a Half Millions Amongst The People

CASHIN GAVE CROSBIE NEARLY TWO MILLIONS, PHIL MOORE TWO HUNDRED THOUSAND, SANDY CARTER OVER A HUNDRED AND FIFTY THOUSAND, W. J. ELLIS A MILLION, THE DAILY NEWS AND HERALD NEARLY HALF A MILLION EACH, BECAME A MILLIONAIRE HIMSELF AND GAVE HUNDREDS OF THOUSANDS TO DOZENS OF HIS PALS. HE RAVES BECAUSE THE COMMON PEOPLE GOT ANYTHING.

The unforgivable sin of Premier Squires in the eyes of the Cashin-Crosbie Opposition is that he spent the people's money upon the people themselves.

Premier Squires spent three and a half million dollars of public monies in one way and another helping the people when there was no work to be got in the ordinary channels. He is quite ready and willing to admit this and to receive the approval or disapproval of the people themselves for what he has done. He would do the same thing to-morrow if the necessity arose, and he would do it in defiance of all the Crosbies or Cashins or Bennetts that ever bled a country and paraded themselves as highbrow aristocrats on the earnings of the people.

What kick have Crosbie or Cashin or Bennett coming because the Squires Government helped the people with their own money when they needed it?

They didn't make any noticeable fuss when they were raking in their own millions, but they howl now when they see the common people getting what they always took for themselves.

This is the crowd who are asking the people to put them in power again. They have been in Opposition now for three years and they sorely miss their pickings, so they want to get back again to lord it over the people and add further to their millions from the toil of the masses.

The people will see to it, however, that they will never again rule in this country. Their day is done and SQUIRES IS COMING BACK.

A VOTE FOR HIGGINS IS A VOTE FOR MORINE

A VOTE FOR CASHIN IS A VOTE FOR MORINE

MORINE ATTACKS THE ADVOCATE

The Telegram is now under the control of Morine. It has been so for weeks. This menace is as much and more so as great a part and parcel of the Cashin-Crosbie-Bennett combine as if he were the actual leader.

He has been kept in the background as a candidate because his very name stinks in the nostrils of every decent Newfoundlander, and he brazenly now attempts to crawl back into the public life of this county.

Fellow townsmen and citizens of St. John's, a vote for Cashin Hunt and Linegar in the West, and a vote for Higgins, Fox and Vinnicombe in the East, means Morine for Minister of Justice.

Will the Liberals of St. John's be sacrificed at such a price?

Read this following extract from a letter written by the late Archbishop Howley. The dead prelate loved this land "As stood our fathers so we stand." God guard the Newfoundland.

This is a letter addressed to Mr. Winton, of Toronto, and is dated, The Palace, St. John's, Newfoundland, November 11, 1906:

As to Morine—"the greatest scoundrel who ever entered the narrows," as his quondam friend Sir James Winter called him. I thought we were done with him. It's a pity he should be allowed an public position in Canada. He is an unmitigated rascal and nuisance. I suppose you know the story of his expulsion from Newfoundland. It ought to be known in Canada as to save the people from being deceived by him. He was, as you know, Reid's solicitor and adviser. He did for Reid the dirty and dishonorable work of putting through the legislature the infamous railway deal of '98, "the most unparalleled contract," as Chamberlain called it, which contained "an abrogation of all our rights as a self governing colony." For this base action he secured a permanent situation as solicitor for Reid with a salary (a bribe in other words of \$10,000 a year for ten years. However, Reid has reaped the reward of his scheming and dishonest conduct. He found Morine out in embezzling, brought him before the court, obtained a conviction against him for defaulting in his professional capacity and then held this over him as a threat that unless he, Morine, would leave the country for ever, he would have the professional gown taken off him.

He left. It was a sequel worthy of its dishonest origin. He is under bonds not to come back, but he retains his salary, pension or bribe, call it what you will, of \$10,000 a year from Reid. This is the man who now bids for public life in Canada! He still assumes the title of right to and certainly has not now. He came into the house of assembly at the head of a party of three, himself and two others, and dubbed himself "the hon. leader of His Majesty's opposition." Such a farce! But would that that were all he did. He has inflicted a wound on Newfoundland that centuries will not heal. I am sorry to have wasted so much time on him, but I wish you to know the truth, it may be of advantage to you. Believe me, again thanking you,

Yours sincerely,

(Sgd.) M. F. HOWLEY.

DO YOU STILL DOUBT THE MENACE OF MORINEISM? THEN READ THIS MESSAGE: Copy of message sent by A. B. Morine to Port aux Basques on March 28: "WOULD JACOB HANHAM BE GOOD OPPOSITION CANDIDATE YOUR DISTRICT, IF NOT WHO WOULD? WHAT WOULD MY CHANCES BE?" (Sgd.) A. B. MORINE.

MONROE FOOLS HIS FEW SUPPORTERS

(Special to The Advocate.)

BONAVISTA, May 1.—Monroe, Winsor and Little badly fooled their supporters here. One famous Tory Roger Abbott engaged the Orange Hall when Monroe and colleagues were here but they refused to hold a public meeting, promising to return Thursday to hold a public meeting. Little's friends say Stewart Little went to King's Cove in motor boat and advised Monroe, Little and Winsor not to attempt to hold public meeting at Bonavista, as he anticipated they would not be allowed to speak. Their few Tory heeleders are sore over the bluff pulled on them and are flocking by the score to the Liberal standard. Monroe has lost 34 of his committee by the way he fooled them. They are realizing that a few clerks etc have made tools of them the past couple weeks and as one Tory supporter stated "if they fooled us already how much will they bluff and fool us if we elect them." He says "enough of Toryism for me."

Most of the few dejected looking Tory committee are talking about same lines. Monroe cannot get over 200 votes here to-day. They are losing every day in every way. Only 700 votes here for Coaker and colleagues. Coaker will get over 1100 votes from here to Upper Amherst Cove. Only 12 Tories from here to Upper Cove. This is not Tory fiction but fact and figures. Every day Coaker and party are gaining support here. Monroe's disappearance seems like a bad dream, less thought of the better. General idea here is 26 men for the Government. Even the Tories say this, and what everybody says must be true. Messages to Advocate re Tories old feet is correct. Messages appearing in Telegram sent by Tory heeleders from Bonavista are two thirds falsehood. If Toryism wasn't dead, Monroe and colleagues would have held public meeting here. Actions speak louder than words.

Warren's Election Will Be A "Walk Over"

(Special to Advocate)

ST. JACQUES, May 1.—Joint meeting held here Saturday night. Hall was packed. Outerbridge, Tory candidate, arrived here 4 p.m. No reception accorded him from anybody. Secured hall for meeting but Warren being expected it was decided to hold a joint meeting. The people's favorite arrived at 8 p.m. Wonderful reception, guns firing, crowds cheering as motor boat with him on board entered the harbor. Crowds walked from Belleoram to meet him so eager were they to see him and attend his meeting. The meeting opened at 9 p.m., and E. R. Elliott acted chairman. Excellent order was observed and a good hearing accorded both candidates. Outerbridge spoke first for about three quarters of an hour and outlined the policy of Cashin-Crosbie party, but very few could see where any policy came in as his speech did not carry the least bit of weight and not a single cheer for him or party. Mr. Warren then took the floor and for about two hours gave us something worth listening to. He explained the aims of the Government for the bettering of our dear old Newfoundland and her people. He was hardly able to make himself heard for continuous cheers for Warren and the Government and the policy in connection with the Humber deal which we could all plainly see was going to be our salvation for the future. The meeting closed at 12 o'clock by singing the National Anthem. Mr. Warren was then crowded by the people all eager to get further knowledge of the great plan that this our government had in store for the next four years, which is going to bring to our country and us abundant prosperity. He then left to walk to Belleoram three miles away. When half way there, crowds met him with torch lights and guns and on getting in sight of Belleoram the harbor was a blaze of illumination in his honor, which with the roars of musketry flare of fog horns constituted the most wonderful reception ever accorded any candidate. Fortune District will return Warren with as great if not greater majority than 1910.

Cashin Never Tried to Stop His Followers From Grafting

For seven years Phil Moore never paid a cent of duty on duty on material imported for Government contracts, despite the fact that every contract made was drawn up with the proviso that duties for materials imported should be collected. With the single exception of Phil Moore, all contractors handling Government contracts had to pay and did pay the duty on the materials they imported.

Thus said W. B. Jennings, Minister of Public Works in the House.

Moore did so with the connivance of the Minister of Finance and Customs, who was Sir M. P. Cashin, and W. W. Woodford.

His next escapade which put him at the head of the grafter class of his day was that of the importation of the famous mangle. He was deputed by the Public Works Dept. to import a mangle, which it was estimated would cost about \$350 and on which he was to get a commission of 25 per cent. The mangle imported by Moore cost \$8,000 and the Government had to build a house costing another \$1,000 to put it in, and it was only a few months ago it was used for the first time. The mangle, of course, netted Moore \$1,500. Not bad for an economist and a colleague of Cashin the purist, was it?

The next notable attempt by Moore to grow rich at the expense of the Country was made with a plumbers' strike as the pretext.

As late as March 1921 Moore presented a bill to the Government, for an amount between \$5,000 and \$6,000. This Bill was for a rise in wages induced by a strike by the plumbers during the summer of 1919. The Government asked for the correspondence and amongst this correspondence was a Minute of Council signed by the Cashin Government on Nov. 14th, 1919. This Minute of Council granted Moore an increase in his contract price equal to the wage increase which was a dollar a day per man. When Moore presented his bill, however, he had an increase charged of \$1.80 a day per man. In other words Moore tried to make a profit of eighty cents a

THINGS TO BE REMEMBERED ON MAY 3rd.

A. B. Morine is conducting the Opposition campaign, which means that the same A. B. Morine means to have a big say in the affairs of the Opposition Party after the election.

John C. Crosbie who is seeking election in Bay de Verde is the man who was on the spot when Sir Robert Bond kicked over a wharf, he is a brother of Walter Crosbie whose vile language at the Liberal meeting in Bay Roberts Saturday night has shocked and disgusted the whole community and he is one of the leaders of the Tory Opposition Party.

A vote for the Tory Opposition Party means a vote against your own welfare, the welfare of your country and of your children.

A vote for the candidates of the Liberal Government Party means that five thousand Newfoundland working men will go to work on the construction of the big paper and pulp plant on the Humber as soon as the result of the election is known.

A vote for the Opposition is a nail driven in the coffin of industrial development in this country. A win for the Tories means that there will be no Humber Proposition because they are now saying that the Humber Project is a fake proposition.

A vote for the Opposition means no work, no wages, no better fishery prospects and a dark hopeless future of destitution.

A vote for the Tory Opposition candidates means a vote for Board of Trade rule which means that the laws will be for the rich and not for the poor.

The Board of Trade which would rule in the event of a Crosbie-Cashin Government is dominated by A. B. Morine who gave this country body and soul to the Reids and W. A. Munn of Beverley Fame.

If the industrial policy of the Squires Government is turned down, the Opposition has nothing whatever to offer the people on their own admission except a bounty on fish to be paid by the Government to the merchants.

May 3rd. is the greatest day in the life of every Newfoundlander. In the hands of the electors rests the momentous decision as to whether this country becomes one of the greatest industrial centres in the world or whether it shall continue to suffer from the dry rot of inactivity and lack of development. EVEN TORIES IN KING'S POINT CHEERED FOR FISHERMEN'S FRIEND

Dear Mr. Editor.—Last evening we had a visit from our Government candidates, Dr. Barnes, Jones and Brown, and they spoke in the Orange Hall, which was filled to its utmost capacity. And I must say here that they received the most enthusiastic reception candidates ever received at King's Point. Mr. Jones was the first speaker. Next came Mr. Brown, a strong agitator for industrial labour and the uplift of the under dog. He doesn't believe in capitalists jumping on the backs of the poor laborer and bleeding them white. And time after time he was applauded with cheers from the audience which made the building ring. Next came the Hon. Dr. Barnes, an able statesman, a man with much education and a large and long experience. He outlined some of the difficulties that our last Government had to face, but in spite of all the Blue Ruin that the Opposition had preached they had brought the old ship of state through O. K. The applause that he received was something long to be remembered. It was certainly an eye opener to the few low browed Tories that happened to be there, but they had to take their medicine cheerfully, as there was not one of them asked a question of spoke a word at that meeting.

At the end of the meeting cheers rang out for BARNES, JONES and BROWN, also for SQUIRES, and they did not forget Hon. W. F. Coaker; and when cheers were called for Coaker even his enemies—the deep died Tories—had to join in, and one would think that the building would come down.

Ninety five per cent. will vote the straight ticket for BARNES, JONES and BROWN.

Glorious News From Districts

Nothing Can Stop the Victory for Squires
and Progress

Warren Wins Easily

(Special to The Advocate)
BELLEORAM, April 28.—Outerbridge's arrival announced last evening by enthusiastic cheers for Warren. Held a meeting here last night, but got a very poor reception, the audience again repeating Warren's welcome by strong and continuous cheers. Warren expected to-night and a good and mighty reception is awaiting him sure.

Twillingate Sure

(Special to The Advocate)
LUSH'S BIGHT, Curwell, May 1.—Have canvassed Long Island fairly well and cannot find less than 70 per cent. for the Government. We can count three men for this District. Must have the present Government returned.
CHAIRMAN F.P.U. COUNCIL.

Small Sure Winner

(Special to The Advocate)
PT. AUX BASQUES, April 20.—Held successful meeting last night at Grand Bay. Positive all there solid for Small, still increasing our number here; canvassing nearby places before 3rd. Positive Small being returned.

Delight To Honour Halfyard, Hibbs, Randell

(Special to The Advocate)
THOROUGHFARE, via Britannia, May 1.—Halfyard, Hibbs and Randell arrived here this morning en route to Britannia, and were accorded a splendid reception. We have no use here for those who would obstruct the popular progressive policy of Sir R. A. Squires. We therefore delight to honour Halfyard, Hibbs and Randell and will give them our hearty support.

Glorious Victory For Warren In Fortune

(Special to The Advocate)
HERMITAGE, April 28.—Notwithstanding the difficulties that has confronted our Hon. representative, W. R. Warren, we find him hard at the Eastern end of the District in Fortune Bay. A glorious victory throughout the district. I presume he is not using the plan as described by J. R. Bennett in his singular industrial message, but the industrious policy outlined by Sir R. A. Squires in his manifesto a policy that would paralyze Sir Michael and Bennett. We could not attempt that, Outerbridge, because its foundation is rotten stone and must crumble to dust on the third day of May by the voice of the public. Warren can't lose, because its foundation is composed of granite. It has stood the test and cannot be shaken.

Hawco and St. John Will Win

Editor Evening Advocate.
Dea Sir,—Will you kindly give me space in your highly esteemed paper, the Advocate, to say a few words of the political aspect of this place. We had a visit from our old friend, Matt Hawco and his colleague, St. John. They were met with a whole hearted reception here. We were delighted to have our old friend, Matt Hawco, again in the field. Their manly speeches proved to all that they are real gentlemen, and so far as this place goes their election is sure.

The next day came along Billie Woodford and his colleague, Mr. P. Kennedy, trying to bluff us as usual, but I imagine before they left Manuels, Long Pond, they found we would not swallow any of their lies and abuse of Squires, whose shoes they are not fit to wipe. The people of the South Shore are solid for the Government candidates, Hawco and St. John. Woodford is here, quite busy, like a man fishing all day who caught nothing.

Liberals Safe In Burin

(Special to The Advocate)
MARYSTOWN, May 1.—As far as can be learned by reliable personal information in district, Foote and Cheeseman are sure winners.

St. Lawrence Won't Follow Harris

(Special to Advocate)
ST. LAWRENCE, May 1.—Bennett's party held public meeting here and met with much disappointment from electors. They had no policy to offer only criticism of Coaker and regulations. Harris claims merchants will go broke if can't get control. 80 per cent. for present government. People want Humber and more employment. Meeting closed with double cheers for FOOTE and CHEESEMAN.

Tories Are Getting Amazed

(Special to Advocate)
FINCHARD'S ISLAND, May 1.—Received telegram from a prominent business man on the West Coast, Belleoram, saying they are solid for Squires and the Government. Finchard's Island is 75 per cent. Tories getting amazed, don't know if they are going to vote opposition. Humber deal, they say, is the right thing.

SAND HORNSELL, Chairman F. P. R.

Long Throws Up the Sponge and Commends Grimes

(Special to Advocate)
LUMDEN, May 1.—Long held a meeting here last night and was given a good hearing. He admitted government was not to be blamed for much of our troubles which, he said, arose out of the war. He said Newfoundland business men were lined up against the government because a "grave danger" threatened the country if government returned, but he didn't include the names of Winter, Bowring, Job, Bairds, etc. He said he loaded seven Danish vessels last fall with fish paying thirty cents export tax but did not tell us this was done by government to protect Newfoundland vessels. Newfoundlanders are being robbed of employment. He also commended Mr. Grimes for putting up a clean fight. Meeting closed with deafening cheers for Squires, Coaker and Grimes. This is a true and correct statement of this meeting. GRIMES will poll eighty per cent. vote here.
JOSEPH R. PARSONS.

Tories Are Sick and Sore in Bonavista

(Special to Advocate)
BONAVISTA, May 2.—Lewis Little arrived here by Earl of Devon early this morning. Monroe and Winsor missing, lost in the storm of Government victory same as Carter's anchors. President Coaker arrived here last night and addressed the largest F. P. U. meeting held here in the history of Bonavista. Every member was fired with Government enthusiasm. Tories are sick and sore over the way their leaders have treated them. Some of them have lost all confidence knowing that a sweeping victory for the Squires Government is sure and they will be left out in the cold if they don't go with the tide. Watch Bonavista on polling day, 90 per cent. sure for COAKER, ABBOTT and WINSOR. Bonavista electors are disgusted with Tory tactics and the bluff that is put up by a doctor of blind meetings.

Coaker's 30th Address Practically Finishes His Victorious Campaign

(Special to Advocate)
GLOVERTOWN, May 1.—Mr. Coaker arrived here last evening at seven and addressed an overcrowded audience in the Orange Hall. Mr. F. B. Arnold presided. Mr. Coaker spoke for nearly two hours and delivered a masterful speech on the Humber development and the Government's industrial policy. The meeting was probably the best meeting ever held here and out of 250 electors present Coaker, Abbott and R. G. Winsor will poll a big majority. This closes the campaign as far as Mr. Coaker is concerned and makes the thirtieth address during the campaign. Mr. Coaker left early this morning for Bonavista. The Tory team did not have courage to face a public meeting at Bonavista where 800 out of 1000 voters will vote for Coaker Abbott and R. G. Winsor. They were told by their committee not to face Bonavista. Bonavista Bay will give COAKER, ABBOTT and WINSOR a sweeping majority on May 3rd.

CASHIN POLICY

Cashin Policy consists in damning everything, especially Squires for the essential work done during the past three years. If Squires Policy was nothing else but this it would still beat Cashin's, because the charges against the Cashin-Morine-Crosbie-Woodford-Bennett-Walsh outfit are sufficient to kill any Party.

Fore Tory Manifesto To Pieces at Meeting

(Special to Advocate)
BONAVENTURE, May 1.—Bonaventure enjoyed one of the best political meetings in its history last night when the Liberal trio, Halfyard, Hibbs and Randell spoke for

four hours to a crowded hall. The speakers were applauded as they tore up the Tory manifesto of falsehood and deceit. Bonaventure will poll 90 per cent. vote for the victorious Government candidates. HALF-YARD, HIBBS and RANDELL, and the progressive programme.

Each Elector, on entering the room where the Poll is to be held, shall declare his name, surname and addition. After so doing he shall receive a Ballot Paper in the above form.

Each Elector, if required by the Deputy Returning Officer, the Poll Clerk or one of the Candidates, or one of their agents, shall before receiving his Ballot Paper, take an oath of qualification.

The voter is to vote only for three candidates.

After receiving his Ballot Paper the voter shall go into one of the compartments, and, with a pencil there provided, place a cross in the division containing the name or names of the Candidate or Candidates for whom he intends to vote, thus:—

The voter will then fold the Ballot Paper so as to show a portion of the box only, with the initials of the Deputy Returning Officer, and shall hand it as folded up to the Deputy Returning Officer, and the Deputy Returning Officer shall, without unfolding it, ascertain that it is the Ballot Paper which he furnished to the elector, and then immediately place it in the Ballot Box. If a voter votes for more candidates than he is entitled to vote for, or places any mark on the Ballot Paper which he can afterwards be identified, his vote will be void and will not be counted.

If a voter takes a Ballot of Ballot Paper out of the Polling Station, or fraudulently puts any other into the Ballot Box than the Paper given him by the Deputy Returning Officer, he will be subject to be punished by a fine of Five Hundred Dollars, or by imprisonment for a term not exceeding Six Months with or without hard labor.

Tramp In Port

The S.S. Glenmorrie, 20 days from New Castle bound to Montreal with coal cargo arrived here last night. The ship put in here as she was unable to proceed up the St. Lawrence owing to ice conditions and she will remain here until navigation is open. The Glenmorrie is practically a new ship and has been sold to parties for use on the Great Lakes. A couple of the Glen boats were here last year reminding for the winter. The Furness Withy Company are agents for the ship.

WHAT SQUIRES POLICY MEANS TO ST. JOHN'S

The Squires Policy means more work, more business and prosperity in every trade and in every factory in the place. Not a business place but will feel the difference just as soon as construction work on the Humber Plant starts. Money will circulate freely and every trade will have plenty to do. That is why St. John's votes for Squires Candidates. The Cashin Party offers nothing. The Squires Party offers an immediate program of industrial progress.

The Dock premises will revive, because Squires will see to it that ships will be encouraged, have repairs done here, the docks being revised so that material used will come in cheaper.

The extension of the Electric Plant will mean an immense outlay of money for labour, while the trenching of two cables from Bay Bulls to St. John's will also be a big job.

Everywhere the outlook is bright for plenty of labour under the Squires Policy, and that is why the vote to-morrow will go

SQUIRES, CAMPBELL,

FITZGIBBON,

and BARTLETT, BULLEY, BURKE.

CROSBIE

John C. Crosbie goes back to private life to-morrow. He cannot recover prestige and be elected after such exposures of his grabs, which total more than one million five hundred thousand dollars. The one fact that he took \$1000.00 as sessional pay and did not do a stroke for it has marked him as an inconsistent bluffer. Bay Verde settles him to-morrow because it would not humiliate itself by electing him.

Bonavista Safe As Gibraltar

YOU CAN BANK ON COAKER

(Special to Advocate)

KINGS COVE, May 1.—Conception Bay and West Coast friends can rely on an average of seventy per cent. votes from Bonavista proper to Port Blandford South for three Liberals. The North Side reports solid as Gibraltar. Don't believe anything you see from Bonavista Bay contrary to this report. Daily Mail and Free Lance, please copy.

BENNETT'S BOUNTY

No denial has been made to Higgins' remark that the bounty in the Cashin-Bennett-Morine manifesto is to be paid to the merchants who will then manipulate it in their own way. In this way it only means an extra taxation of one and a half million dollars per year, and as Bennett says he would borrow it, it would mean a perpetual tax on all. It is all a huge bluff.

RIDING THE COUNTRY OF TORY GRAFTERS

The era following Sir Robert Bond's reign developed Grafters to an extent that has disgusted the electorate. The evil these men did had a bad effect upon the country and the people. It was Coaker who stepped into the arena and put down his foot on the Tory Menace. Men who were thought to be invincible found their match in a people aroused to action by W. F. Coaker. D. Morison went down to defeat at Coaker's hands in Bonavista in 1913. The next to be put out of public life was A. B. Morine in 1919.

R. A. Squires then, with Coaker, made Cashin and Crosbie bite the dust, though they still held seats in the House. Under the Liberal banner Woodford was put in his place and convicted of bribery and lost his seat in the House of Assembly.

In this year Cashin, Crosbie, Woodford, Walsh and Bennett rear their heads in one last fight, and they have placed themselves in such positions as they can be put out of public life altogether. Everyone of them faces defeat to-morrow.

IF FOR NOTHING ELSE, SQUIRES AND COAKER DESERVE THE THANKS OF THE COUNTRY FOR PUTTING THESE POLITICIANS DOWN, AND SO RIDDING THE COUNTRY OF THE POLITICAL CORRUPTION WHICH HAS UNDOUBTEDLY REARED ITS HEAD AND HAS BEEN FOSTERED BY THESE TORY POLITICIANS TO AN EXTENT NEVER KNOWN BEFORE.

Squires and Coaker are going to make possible a return to the days when politicians will think less of their own pockets and more of the country's interests.

That is why the people have resolved absolutely to vote for Squires Candidates to-morrow and KEEP THE GRAFTERS OUT.

British Hr. Decorates For Victory Team

(Special to Advocate) BRITISH HR., May 1.—The Liberal team, Halfyard, Hibbs and Randall arrived here at 4.30 last evening and were enthusiastically received. The place was decorated with flags and guns firing made hills ring. The meeting was a big success. Victory is sure with majority greater than 1919. Squires and Coaker are sure winners.

Oporto Market

THE TOTAL CATCH
The total sealing catch for 1923 is 101,770. Mr. Arthur Noonan is the lucky winner of the Star \$2,000 sweep. Congratulations.

Hant's Hr. Refutes the Tory Lie

(Special to The Advocate.) HANT'S HR., May 1.—We hear the Tories have circulated deliberate falsehoods saying Hants Hr. and nearly places all turned Tory. Hants Hr. will give majority vote for Government, Chelsea 99 per cent, other places good show. The powder the Tories gave out won't give them any votes.

Oh, Mr. Gallagher! Oh, Mr. Gallagher! I have heard that Placentia's got strong. For they'll be no more in wrong. The Tories they're pushing to Hong Kong. Of Bonia, Bindon Browne they sing the song. Now, Mr. Shean, now, Mr. Shean, I think I get a glimpse of what you mean. Straight ticket is the word. Is that all that you have heard? They stand for Squires, Mr. Gallagher. You said an earful, Mr. Shean.

Liberal Candidates At Freshwater

CLOSES CAMPAIGN IN OUTLYING SECTIONS—CAMPBELL AND FITZGIBBON WILL POLL SOLID FARMER VOTE

Hon. Dr. Campbell and Mr. Joe Fitzgibbon, Liberal candidates for St. John's West, visited Freshwater last night. Along the road the farmers of this thriving section welcomed the candidates with volleys of musketry. The meeting was held at the hospitable home of Mr. Edward Duff. Along the road bonfires were lighted and many of the houses were illuminated. By the unanimous vote of all present Dr. Campbell spoke first. He outlined the Humber policy and reiterated his intention of doing everything possible as he had done in the past years to encourage and help out the farmers of St. John's West. That he has done so is an admitted fact and no previous Minister of Agriculture had done so much to assist the farmer. Mr. Joe Fitzgibbon received a wonderful reception. Although a stranger to some of the voters there was every evidence that Freshwater voters regard Fitzgibbon as an 18-carat man. "God Save the King" brought the most successful meeting in the history of Freshwater to a close.

Oh, Mr. Gallagher! Oh, Mr. Gallagher! The Winsor, Abbott, Coaker bunch has come. Bonavista is their place. But there won't be any race. We're going to put them in their going some. Now, Mr. Shean, now, Mr. Shean, you mean to tell me these three won't get in. Sure they're going to poll a vote. That will make the Tories note. Their three are dying, Mr. Gallagher. No, they're defunct, Mr. Shean.

A VOTE FOR CASHIN IS A VOTE FOR MORINE

THE TELEGRAM SECTARIANISM

The Telegram under Morine doesn't seem to be able to keep away from Sectarianism. It started the game and now whines because "chickens have come home to roost." It says that this despicable stuff has been used in the Public Despatch. That, we find, is an unmitigated falsehood, and an unnecessary slur upon the compiler that is wholly undeserved. Blaming the Public Despatch in its editorial it blames an altogether different source in another column, quoting a message which it says is signed "Advocate." Let the Telegram produce the message before making such a cowardly charge, for this also is a falsehood. The Telegram has made its bed of sectarianism and must lie upon it.

It says that any attack upon Cashin is because of his religion. All tommyrot. Cashin is Cashin, and no matter what religion he espoused, he would still be Cashin, and carry on the same game of rowdism, and be equally criticized by all decent men because of it.

Cashin is the real leader of the Tory Opposition because he has the bull-headedness to boss anything he has anything to do with. He feels as sore as anyone because he has a nominal leader, and he does not let it interfere with his running this campaign to suit himself and not Bennett. He finds congenial company with A. B. Morine and they are running the show to-day.

That's why so many people are turning from Cashin to follow the Prosperity Policy of Progress under the Liberal Banner of Sir Richard Squires.

REIDS AND CASHIN

Morine has a lot in the Telegram about Reids. Well he knows about the millions Reids have taken out of the Colony. Well he knows what millions Reids got out of Cashin in subsidies, etc.

Morine also knows that Cashin's railway policy of 1919 meant fifteen million dollars for Reids' pockets as Cashin said then that the Railway needed millions for repairs and that the Colony would have to find the money. Cashin's policy would have kept Reids in control, WHILE THE SQUIRES POLICY NOW SEES THE LAST OF THE REIDS AS PUBLIC CONTRACTORS AND RAILROAD MANAGERS.

The Squires Policy means a development of the Railroad made possible by increased earnings, and an era of efficiency under the greatest railroad experts in the world as regards comfort and good service—a British Company. That's a policy worth while, and everyone is satisfied.

COAKER AND ST. JOHN'S

If Coaker had not formed his Union there would be less work for factories in St. John's. He has a business turnover of millions of dollars and a lot of it is spent right here in the city, because Coaker believes in local industries and believes in helping local labour. That's a fact to produce when Tories talk about a Coaker menace in St. John's.

TORY TALK AND ROCKS

While the Cashin men in St. John's are trying to use soft soap on the men in the rock sheds, the Cashin candidates in the Outports are instructed to talk against relief work especially in St. John's, and they are taught to say that no one in the Rock Sheds works and that they get drunk.

This is the double game Cashin is playing on all sides. In Port de Grave a yarn is spread to suit one part of the district and another to suit another section, and in other districts it is the same way. It has been overplayed, however, and Cashin is going to lose this time. The "whispering" campaign has been overdone, and chief of "whisperers," P. F. Moore, has had to stick to Ferryland District so tight that he has not been able to get back to St. John's since he started the campaign.
